

Soak It Disinfectant Soak Solution

PRODUCT DESCRIPTION:

Soak It Disinfectant Solution is an **ANTI RUST** soaking solution ideal for Barbers and Hairdressing Salons to clean and disinfect grooming tools and utensils.

Soak It kills 99.9% germs in 30 seconds and is a non-dangerous, non corrosive, and non-abrasive disinfectant. Softens and removes residue from hair lacquers and gels.

Perfect for preventing cross contamination from one client to another by disinfecting salon equipment and surfaces in between clients.

DIRECTIONS FOR USE:

TO SOAK: Dispense 50mL of concentrated solution into 1L of water
Soak utensils for minimum 1 minute to disinfect
Discard Soak It Solution at the end of each day

TO CLEAN: Dispense 25mL of concentrated solution into a trigger spray bottle, add 500mL water
Use to clean hard surfaces, simply spray and wipe clean with a lint free cloth or paper towel

NOT TO BE MIXED WITH OTHER DETERGENTS, SOAPS OR CHEMICALS

USED TO CLEAN:

- Grooming implements
- Scissors
- Combs
- Brushes
- Salon surfaces

Can also be used on manicure and pedicure bowls and implements
